

SHELTERS

We are far from just a street furniture supplier

As designers, manufacturers and installers of street furniture, canopies and shelters, we pride ourselves on being the go-to experts that can offer you more.

We are determined to ensure that your outdoor space is vibrant, practical, aesthetically pleasing and functional, whilst offering you cost-effective solutions to your outdoor space planning.

As a company, we like to change the way people interact with the outdoor space, and how they view the landscape too.

We are determined to help organisations create outdoor environments that people enjoy walking through, interacting with or simply using it as a stopping and gathering point.

Our resources, flexibility and expertise often enables us to deliver more performance than your budget specifies and we will always go that extra mile for our clients when it comes to providing excellent customer service.

We are proud to have had over three decades of experience and expertise in our sector, allowing us to assist your organisation in choosing the right products for your individual scheme.

We are Bailey Streetscene

Heron Shelter

The Heron is a versatile cantilevered shelter with powder-coated steel beams at the rear supporting a tilted flat roof that is clad with multiwall polycarbonate. The Heron Shelter is a reliable and efficient option to provide shelter for a variety of outdoor spaces.

Customisable options include:

- Powder coating in a range of RAL Colours
- Extendable modular design
- Bespoke sizes available on request

Advantages of this design include:

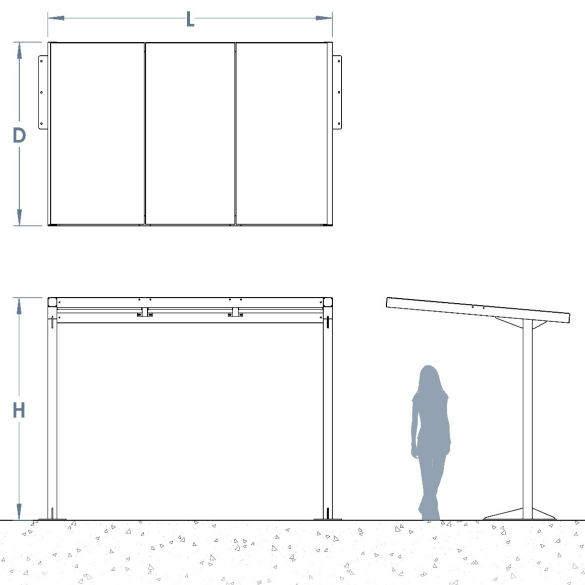

- Open space beneath with only 2 posts
- Flexible design
- Low maintenance
- Monopitch roof for water run-off to the rear

Ideal Shelter for:

- Cycle parking
- Smoking/vaping shelter
- Walkways
- Retail parks
- Schools/Universities/student accommodation
- Business parks
- Hospitals

All our shelters are manufactured to BS EN 1090 Standards.

Stingray Bus Shelter

Modular shelter, available in various configurations of three, four or five modules with two different depths, consisting of a HEB beam structure with sheet steel base plates, with a flat roof of laminated tempered glass and tempered glass walls. The shelter is supplied complete with a bench in hardwood or thermo-treated pine.

The shelter can be accessorized with a side part in five+five mm thick laminated tempered glass. It is also available with LED spotlights.

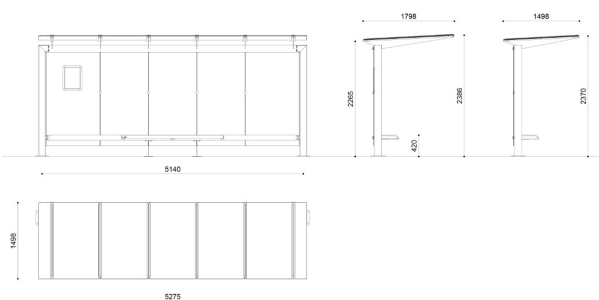

The shelter can be equipped with an A3 aluminium snap-in notice board.

All metal parts are galvanised and polyester powder coated.

All fixings are in AISI304 stainless steel.

Prepared for ground fixing by means of specially dimensioned anchor plates (included) to concrete.

Stainless Steel Sheffield Cycle Stand

Simplicity is the key here, as our massively popular root fixed Stainless Steel Sheffield Cycle Stand™'s basic design allows it to be used in any urban and rural landscape. It's a really cost-effective way to cater for your cycle users. It comes manufactured from grade 304 stainless steel or 316 stainless steel for more aggressive environments such as industrial or coastal areas.

Named after the Steel City, this cycle stand features a brushed satin finish as standard or has the option of a bright polish finish; it's also root fixed as standard or base plated for surface fixing.

Semi Vertical Cycle Rack

A superb space-saver, the Semi Vertical Cycle Rack is a simple space saving product ideal for high-density population areas such as stations, offices, shopping centres, car parks, universities and high streets - and can be used to help demonstrate compliance with BREEAM.

The racks are designed for a long tough life of heavy use, with minimum maintenance required and the bicycles can be secured with both front and rear wheels as well as a central locking loop. The Semi Vertical Cycle Rack is manufactured from mild steel and then hot dipped galvanised as standard, making it a flexible and extremely durable cycle storage solution.
