The quality objectives are focused on driving improvements, they are communicated throughout the company, and assessed as part of the Management Review. The objectives will be achieved by controlling quality in a systematic and planned manner, to make the improvement of quality and continued compliance to ISO 9001:2015 a continuous process.

To enhance these objectives and this policy Bailey Street Furniture Group strive to;

- Fully publicise the Quality Policy and quality system to all employees (and any other interested parties), encouraging their participation in the Company's continual improvement programs.
- Enhance the business by challenging senior management on the strategic direction of the business through risk management
- Review customer requirements, market demands and maintain awareness of competition.
- Make suppliers aware of the Company's Quality System requirements and closely involve them in meeting requirements.
- Train and develop all employees to meet their current and future needs, as well as those of the business
