

# Estimating Manager

An exciting opportunity has arisen for an experienced Estimator to join the Bailey Street Furniture Group in Adlington, Cheshire. The group are one of the UK's leading street furniture, canopy & shelter manufacturers, supplying high quality outdoor solutions, primarily to the construction industry.

The ideal candidate will have previous experience in construction manufacturing, with a sound understanding of steel fabrication, timber machining and general assembly. You will be familiar with and have experience and confidence in estimating a range of steel and timber structures, inclusive of the most appropriate fixing and finishing methods. Both a technical and commercial focus are essential, making the most of your varied key skills to provide excellent, value-added solutions to our wider team.

**Reporting to the Operations Director, the key deliverables of this position will be, but not be limited to:**

- Review and evaluate valued customer enquiries.
- Priority scheduling of enquiries to meet sales department expectations.
- Support the group's sales team to ensure the timely flow of estimates is maintained
- Understand the scope of work to enable company to bid competitively
- Prepare estimates in detail for all projects.
- Communicate with trade partners and team members regarding new and current projects
- Prepare cost analysis for each project
- Maintain existing working relationships with our supply chain and subcontractors.
- Adapt to a group working environment, liaising with the specialist steel fabrication unit

**The candidate must have:**

- Evidence of clear experience in construction & manufacturing estimating
- Able to read architectural plans and develop cost estimates
- Extremely competent with technical drawings and interface details
- Strong understanding of the construction supply chain processes
- Excellent proficiency with MS Word and Excel
- Able to multi-task and meet strict deadlines
- Impeccable problem-solving skills
- Ability to communicate confidently with customers, suppliers and group staff.
- Self-motivation in personal and departmental development.
- Commercial awareness and a solid understanding of the cost implications of design decisions.

The ideal candidate will have previous experience in a construction manufacturing role, be organised, motivated, detail-focused, self-sufficient and highly driven. In return, we are offering a competitive package & salary commensurate with experience. This is the perfect opportunity for you to build a rewarding career at a leading UK construction manufacturing organisation.
