

Plaza Real Seat

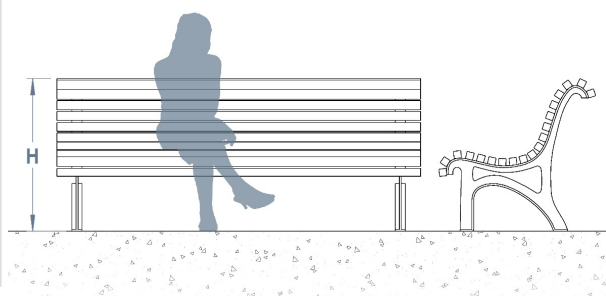

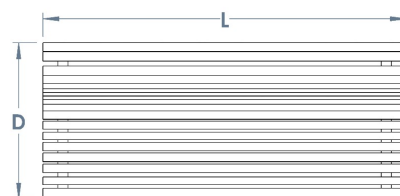

If you're looking for an attractive, durable seat with a high resistance to corrosion due to the ductile iron frame being treated with a unique protector, the Plaza Real Seat may well be your go-to option.

The Plaza Real Seat is anchored to the ground with fixing bolts, and the curved seat base and back rest are formed with timber slats, treated with a preservative and are water proofed.

Finished in grey forge colour, if you want a bigger seat then this is also available in a 3 metre long version too.

Natural colour finish.

L: 2000mm x D: 800mm x H: 780mm
