

Anti Ram Semi Dome Top Stainless Steel Bollard

The Anti-Ram Semi Dome Top Stainless Steel Bollard consists of our standard stainless steel bollard with a 101 diameter galvanised mild steel inner reinforcement tube securely fastened within to give additional anti-ram benefits. The main body is manufactured from grade 304 or grade 316 stainless steel for more aggressive environments such as industrial or coastal areas.

This bollard has a brush satin finish and comes root fixed as standard, with either a semi dome top or a welded flat top.

Available in a range of sizes;
