

Brandon Seat

If you are looking for a robust product that can suit any environment then take a look at the Brandon Seat. Manufactured from a mild steel box section frame, hot dipped galvanised to BS EN ISO 1461:2009, it's clad in timber slats and treated with an external stain to increase the lifespan of the timbers. The 80mm x 80mm box section is complete with angle supports, backrest and surface mounted fixings.

Can be powder coated to most BS or RAL colours, the Brandon Seat is an excellent all-rounder of a street seat: stylish, durable and cost-effective.

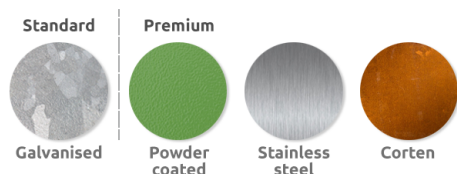

L: 1660mm x D: 475mm x H: 450mm
