

Extreme Plastic Lockers

Suitable for both indoor and outdoor use, our Extreme Plastic Lockers will save you valuable indoor space and utilise outdoor space. These are absolutely ideal for outdoor shelter applications as they are manufactured from a high-density polyethylene material making them robust, hygienic and vandal resistant.

Available in various colours and sizes, a sloping top deters accumulation of litter, while all lockers have a grey body and are fitted with either cam lock with two keys or hasp and staple lock as standard, with three lock types available. They also come complete with a strong hinge and can easily be stacked.

L: 320mm x D: 460mm x H: 450mm / 600mm / 900mm
