

Quater Seat

The Quater Seat consists of a sturdy, functional steel frame clad with either timber slats or steel grid design. What you get is an extremely practical seating solution ideal for any outdoor public space. It mixes well with the two other products from the Quater range (Bench and Table) and as part of the Modulsystem range it is available in a wide choice of finishes and styles in steel, timber or a combination of both.

A seat with style, substance, flexibility, and durability.

L: 2100mm x D: 840mm x H: 750mm
