

Quater Bench

As part of the Modulsystem range, the Quater Bench is available in a wide choice of finishes and styles in steel, timber or a combination of both. That's why our clients and customers seem to love it – it gives flexibility of design as well as durability.

The Quater Bench is also part of the Quarter Range along with its seat and table brethren, and this bench consists of a sturdy, functional steel frame clad, with either timber slats or a steel grid design to create a practical street furniture solution ideal for any outdoor public space.

L: 2100mm x D: 525mm x H: 450mm
